Rules

- Two boxes shall be set up such that their fronts face each other and their hole centers are approx. 30 feet apart.
- There exists an imaginary line that continues in either direction from the front of the playing surface, termed the foot foul line.
- Each team will consist of two people. Partners shall stand at opposite boxes on the same side, from the perspective of a third person, and face each other, so there is no advantage given to one team.
- Each team shall have 3 or 4 bags of one color (depending on equipment availability).
- All 6 or 8 bags begin at one end.
- A coin flip or paper-rock-scissors shall determine who has honors in round one.
- One of the partners on the team who has honors shall begin play by throwing a bag at the opposite box.
- A player may throw from anywhere behind the foot foul line.
- Game continues by alternating throws between the two opponent players until all 6 or 8 bags have been thrown.
- If a bag hits the ground then bounces up onto the board, it is a legal toss.
- Refer to section 4 for scoring and honors.
- The next round starts when the other player on the team, which has honors, throws their first bag.
- The game continues until one team reaches 21 or more points, and you must win by 2.
- A foul occurs when any of the following happens.
 - A player's foot goes past the foot foul line, termed a foot foul.
 - A player goes out of turn.
- The player who caused the foul loses the throw when the foul occurred and the bag shall be removed if it landed on the playing surface.
- The score shall be taken after all bags have been thrown for a round.

- Points shall be given as follows.
 - Three points for a bag that goes through the hole.
 - One point for a bag that is on the playing surface.
 - One point for a bag that is hanging into the hole.
 - One point for a bag that is hanging off the edge but not touching the ground.
 - Zero points for a bag that is on the playing surface, but also touching the ground.
 - Zero points for a bag that is hanging off the front edge and is resting on a bag that is on the ground, unless the bag on the ground can be removed without making the hanging bag fall to the ground, then one point is given.
 - Each team is given a round score. The team with the highest round score adds the difference of the two scores to their game score.
 - The team who wins the round is given honors to throw first in the next round.
 - If both teams have the same round score then the game score stays the same and honors stays with the team who had it the previous round.
 - The following is a possible scoring turn:
 - 1st throw: Team A throws and it lands on the ramp, team B throws and it goes through the hole.
 - 2nd throw: A goes through hole, B lands on ramp.
 - 3rd throw: A lands on ramp knocking team B's 2nd throw into hole, B lands on the ground.
 - 4th throw: A lands on ramp, B lands on ramp knocking A's 1st throw onto ground. A gets 5 pts and B gets 7 for the round, so B adds $7-5 = 2$ pts to their game score and has honors for the next round.
